Background

The Division does not permit the use or consumption of alcohol, prescription/non-prescription medication, or drugs of any kind on school premises for any school or public function.

The Director may approve events on a case by case basis which permit alcohol consumption in non-student Division facilities. These facilities are strictly limited to the Division Office Board Room, Student Services Centre and the Transportation Centre. Only private events may be approved and must be pre-approved by the Director. Upon approval by the Director, it is the responsibility of the Event organizer to obtain a private non-sale special event liquor license. The Event organizer must also clearly outline and inform all attendees of safeguards to ensure a safe ride home, examples include taxi vouchers, designated drivers, etc. No minors are permitted to attend these events.

Procedures

1. There are no circumstances where the use of alcohol or non-prescription drugs is permitted on school premises.
2. Students requiring prescribed medications shall follow guidelines in AP316 – Chronic Student Health Services and AP319 – Temporary Student Health Services.
3. Employees shall take all necessary storage precautions for all doctor prescribed medications required to be consumed while on school premises.
4. When completing school rental requests, the Principal or designate must clearly communicate this procedure.
